Terms and Conditions

- It is the customer's responsibility to shut off the heating equipment and notify **Comfort King** immediately, if there is an operational problem.
- **Comfort King** shall not be liable for any secondary or consequential damage, including but not limited to soot entering the home, or any damage resulting from unattended premises or inadequate combustion air supply. **Comfort King** assumes no liability for oil storage tanks, piping systems or any environmental damage.
- Delays in transportation, civil commotion, labor difficulties, acts of God, acts of government, power interruptions, lack of supplies, difficulty or inability to obtain parts for obsolete equipment, fires or water in the basement, while this plan is in effect, shall absolve **Comfort King** of responsibility.
- **Comfort King's** responsibility under this plan shall automatically cease if the customer stops our automatic delivery of fuel oil, or procures fuel oil burner service on any parts or equipment covered by this plan from any source other than **Comfort King**, or is delinquent in payment of any monies due to **Comfort King**.

Oil Burner
Service Contract

***"Where service is built into
every gallon we sell"***

Service Contract - Oil Burner Services

Comfort King Energy agrees to render service to your oil burner in accordance with the oil burner service plan listed below:

Full Service Oil Burner Plan

Free service visits for the repair or replacement of the following parts:

▶ **Oil Fired Boilers and Oil Fired Hot Water Heaters**

Oil Burner motor, fuel pump, transformer electronics, primary control, triple aquastate, nozzle, screen, pump gasket, oil filter cartridge, high tension lead wire, nozzle line, burner coupling, oil burner blower wheel, circulator coupling, heating thermostat, zone valve motor

▶ **Oil Fired Warm Air Furnaces**

Same as above plus, fan and limit-control and blower belt.

▶ **Oil Fired Steam Boilers**

Same as the hot water heating system above plus a pressuretrol.

▶ **15% Discount**

This plan gives you a 15% discount on regular rates for any repair work not covered by this plan.

▶ **No Charge**

24 hours/7 days a week emergency service

Efficiency Tune-up and Inspection

This service will be provided at no charge once a year. **Comfort King** will perform the following work.

- Replace the nozzle, pump screen and oil filter cartridge.
- Test the ignition transformer, replace if weak.
- Clean electrode assembly
- Test the fuel pump running pressure/cut-off pressure
- Oil circulators *(if applicable)*
- Vacuum heating or hot water unit including smoke pipe and chimney base *(if needed)*
- Adjust oil burner, if necessary, to achieve the best efficiency possible.
- Replace any covered part that shows wear and tear or will prevent the oil burner from operating safely
- Perform a static pressure test on all oil fired furnaces

Exclusions for all systems *(if apply)*

This contract does not cover oil tanks, oil tank valves, oil tank gauges, oil lines, frozen oil lines, additional filter changes, combustion chambers, smoke pipes, aqua boosters and indoor water heaters, air handlers and controls, oil burner switches found turned off, fuses and circuit breakers nor any part in direct contact with water which requires plumbing work.

Additional Coverage *(Ask for details)*

With our **ProGuard** program, add protection for your oil tank in the event of an accidental release for pennies a day. It gives you the peace of mind that any problems are handled in an environmentally-friendly manner.

Upgrade to our *Plumbing Service Plan* for just \$74.99 per zone.

Add our *Central Air Service Plan* - \$299

Oil Heat is efficient, safe, reliable, and environmentally friendly
